

TRIMBLE CONNECT TERMS OF SERVICE

[Last Updated: February 5, 2019]

These Trimble Connect Terms of Service (“**Agreement**”) are entered into as of the Effective Date between Trimble Inc. or the Trimble affiliate identified in the Order Form (“**Trimble**”) and you (“**Customer**” or “**you**”), an entity accessing or using the Trimble Connect Service.

Entry into the Agreement. The “**Effective Date**” of this Agreement is the date which is the earlier of (a) Customer’s initial access to the Service or (b) the effective date of the Order Form referencing this Agreement. This Agreement governs use of the Service no matter how accessed, including without limitation via a mobile, tablet, web or virtual/mixed reality application. If the individual entering into this Agreement is an employee or agent of Customer, then such individual must be authorized to, and by agreeing to the terms of this Agreement hereby does, bind Customer to this Agreement.

Order Forms. Customer and Trimble may enter into order forms, quotations, change orders, sales agreements, or any other document referencing this Agreement (which may consist of online registration or separate Trimble order forms) (each, an “**Order Form**”) for Customer’s purchase of a subscription to the Service from Trimble. The version of this Agreement referenced in the Order Form will govern Customer’s purchase of the Services specified therein.

Personal User. If you are a Personal User (as defined below), then certain provisions of this Agreement will not apply to your use of the Service. Section 2.7 (Personal User) provides more details.

Changes to these Terms. **From time to time, Trimble may modify this Agreement.** Any changes will be effective upon the next renewal of Customer’s Subscription Term (as defined below). Customer may elect not to renew its Subscription Term if it does not agree to such changes (but use of the Service during the renewal Subscription Term will constitute acceptance of the amended Agreement). Trimble will use reasonable efforts to notify Customer of the changes through communications via Customer’s account, email or other means. Customer may be required to click to accept or otherwise agree to the modified Agreement before continuing to use the Service.

BY INDICATING YOUR ACCEPTANCE OF THIS AGREEMENT OR ACCESSING OR USING THE SERVICE, YOU ARE AGREEING TO BE BOUND BY ALL TERMS, CONDITIONS, AND NOTICES CONTAINED OR REFERENCED IN THIS AGREEMENT. IF YOU DO NOT AGREE TO THIS AGREEMENT, PLEASE DO NOT USE THE SERVICE. FOR CLARITY, EACH PARTY EXPRESSLY AGREES THAT THIS AGREEMENT IS LEGALLY BINDING UPON IT.

1. DEFINITIONS

“**Affiliate**” means any entity under the control of Customer where “control” means ownership of or the right to control greater than 50% of the voting securities of such entity.

“**Content**” means text, drawings, blueprints, models, information, records, maps, or other content.

“**Contractor**” means an independent contractor or consultant who is not a competitor of Trimble.

“**Documentation**” means the end user technical documentation provided with the Service.

“**Permitted User**” means an employee of Customer who is permitted to use the Service. Customer may also permit its Affiliates and Contractors to be Permitted Users in accordance with Section 2.4 (Contractors and Affiliates).

“**Personal User**” means an individual using the Service on a free basis under a “Personal” plan or similar plan offered by Trimble.

“**Project**” means a repository created by a Permitted User to share and store Content provided by Customer and Third Party Collaborators for use on a construction project.

“**Service**” means Trimble’s proprietary Trimble Connect software-as-a-service solution, as described in the applicable Order Form.

“**Third Party Collaborator**” means an unaffiliated third party that Customer invites to participate on a Project. A Third Party Collaborator may be another enterprise customer of the Service or a Personal User.

2. THE SERVICE

2.1. Service Overview. The Service is designed to enable Customer to create one or more Project(s) consisting of assorted Content and to collaborate internally and with outside contributors on such Projects. As further described in Section 4.1, a Permitted User (acting as the manager of a Project) may invite other Permitted Users and Third Party Collaborators to submit and review Content in, and retrieve Content from, Projects.

2.2. Access to the Service. The Service is provided on a subscription basis for a set term designated on the applicable Order Form (each, a “**Subscription Term**”). Customer may access and use the Service solely for its own benefit and in accordance with the terms and conditions of this Agreement, the Documentation and any scope of use restrictions designated in the applicable Order Form. Use of and access to the Service is permitted concurrently only by the number of Permitted Users of Customer specified in the applicable Order Form. Each Permitted User must be at least 13 years of age. If Customer is given passwords to access the Service, Customer will require that all Permitted Users keep user ID and password information strictly confidential and not share such information with any unauthorized person. User IDs are granted to individual, named persons and may not be shared. Customer will be responsible for any and all actions taken using Customer’s accounts and passwords. In the event that any Permitted User who has access to a user ID is no longer an employee of Customer, Customer will be solely responsible for deactivating such Permitted User’s access, and may re-allocate such Permitted User’s access to a different employee. Further, Customer may transfer Permitted User status from one employee to another at any time, provided that Customer remains compliant with this Section 2.2, including without limitation by limiting the number of Permitted Users to the number specified in the applicable Order Form.

2.3. Client Software; Application Stores.

(a) If applicable for use of the Service, Customer may download certain desktop, mobile and/or virtual/mixed reality software made available by Trimble (“**Client Software**”). Subject to all of the terms and conditions of this Agreement, Trimble grants to Customer a limited, non-transferable, non-sublicensable, non-exclusive license during any applicable Subscription Term to use the object code form of the Client Software internally, but only in connection with Customer’s use of the Service and otherwise in accordance with the Documentation and this Agreement. The Client Software is deemed to be part of the Service.

(b) If you obtained the Client Software through a third-party app store, marketplace or other site or service (each, an “**Application Store**”), such Application Store shall be considered a “Reseller” under the Agreement, and your use of the Software is subject to Section 12 (Purchase from Reseller) of the Agreement. Except as expressly set forth in Section 12 (Purchase from Reseller) of the Agreement and in Section 2.3(c) below, all fees are non-refundable once paid. Your download of the Client Software may be subject to other terms as specified by the operator of the Application Store from which you downloaded the Client Software.

(c) **Apple-Specific Terms.** If you downloaded the Client Software from Apple Inc. and/or its affiliates’ (“**Apple’s**”) Application Store, the following terms are part of the Agreement:

- a. The Agreement is between you and Trimble, and not with Apple. However, as required by Apple, Apple and its subsidiaries will be third party beneficiaries of the Agreement and will have the right (and will be deemed to have accepted the right) to enforce the Agreement against you as a third party beneficiary.
- b. To the maximum extent permitted by applicable law, Apple will have no warranty obligation with respect to the Client Software, and, as between Apple and Trimble, any other claims, losses, liabilities, damages, costs or expenses attributable to a failure to conform to a warranty will be Trimble’s responsibility. Apple has no obligation whatsoever to furnish any maintenance or support services with respect to the Software.
- c. As between Trimble and Apple, Trimble is solely responsible for the Client Software and for addressing any claims you or any third parties have about the Client Software or your possession or use of the Client Software, including without limitation (a) product liability claims, (b) any claim that the Client Software fails to conform to any applicable legal or regulatory requirement and (c) claims arising under consumer protection or similar legislation. In the event of any third party claim that the Client Software or your possession or use of the Client Software infringes that third party’s intellectual property rights, Apple will not be responsible for the investigation, defense, settlement or discharge of such claim.

2.4. Contractors and Affiliates. Customer may permit its Contractors and Affiliates to serve as Permitted Users, provided Customer remains responsible for compliance by each such Contractor or Affiliate with all of the terms and conditions of this Agreement and any such use of the Service by such Contractor or Affiliate is for the sole benefit of Customer. Use of the Service by the Affiliates, Contractors and Customer in the aggregate must be within the restrictions in the applicable Order Form. The Affiliate rights granted in this section will not apply to any “enterprise

wide” licenses unless Affiliate usage is designated in the applicable Order Form.

2.5. General Restrictions. Customer will not (and will not permit any third party to): (a) rent, lease, provide access to or sublicense the Service to a third party; (b) use the Service to provide, or incorporate the Service into, any product or service provided to a third party; (c) reverse engineer, decompile, disassemble, or otherwise seek to obtain the source code or non-public APIs to the Service, except to the extent expressly permitted by applicable law (and then only upon advance notice to Trimble); (d) copy or modify the Service or any Documentation, or create any derivative work from any of the foregoing; (e) remove or obscure any proprietary or other notices contained in the Service (including any reports or data printed from the Service); or (f) publicly disseminate information regarding the performance of the Service.

2.6. Third Party Terms. Trimble may use third party products and services (including without limitation software subject to open source and third party license terms that is incorporated in the Client Software) in its provisioning of the Service, including without limitation for hosting Customer Data (“**Third Party Offerings**”). If Trimble notifies

Customer of any additional end user terms or open source or third party licenses for use of such products and services (“**Third Party Terms**”), then Customer agrees to comply with such Third Party Terms. Any noncompliance by Customer with any Third Party Terms will be deemed a material breach of this Agreement. Neither Trimble nor Trimble’s suppliers offer any warranty in connection with any Third Party OFFERINGS and neither Trimble nor ITS Suppliers will be liable to CUSTOMER for such Third Party OFFERINGS. In the event of a conflict between this Agreement and any Third Party Terms, the Third Party Terms will control with regard to Customer’s use of the relevant Third Party Offerings. The applicable Third Party Terms with respect to the Service (including, without limitation, any open source software utilized in the Client Software and the applicable license terms) are listed at [Trimble Connect Third Party Terms and Attributions](#), as may be updated from time to time and which are incorporated into this Agreement by this reference.

2.7. Personal User. If Customer is a Personal User, then Customer’s use of and access to the Service is limited as set forth in the applicable Order Form, and the following Sections of this Agreement are not applicable to Customer: 2.4 (Contractors and Affiliates), 2.8 (Trial Subscriptions), and 8.1 (Limited Warranty). Further, if Customer is a Personal User, then in addition to any other termination rights Trimble may have under this Agreement, Trimble may terminate this Agreement at any time upon thirty (30) days’ notice to Customer. For the avoidance of doubt, if Customer is a Personal User, then the applicable provisions of this Agreement that apply to Permitted Users apply to Customer as well in its individual capacity.

2.8. Trial Subscriptions. Where indicated in the applicable Order Form, Customer may receive free access or a trial or evaluation subscription to the Service (a “**Trial Subscription**”). If Customer receives a Trial Subscription, then Customer may use the Service in accordance with the terms and conditions of this Agreement and the applicable Order Form for the period designated in such Order Form or otherwise by Trimble (and if not designated, then for thirty (30) days) (“**Trial Period**”). Trial Subscriptions are permitted solely for Customer’s use to determine whether to purchase a full subscription to the Service. Customer may not use a Trial Subscription for any other purpose, including without limitation for competitive analysis. At the end of the Trial Period, the Trial Subscription will expire and Customer will have the option to purchase a full subscription to the Service. If Customer purchases a full subscription, all of the terms and conditions in this Agreement will apply to such purchase and the use of the Service unless otherwise specified in the Order Form for the Trial Subscription. Trimble has the right to terminate a Trial Subscription at any time for any reason. The Service may have a mechanism that limits access during the Trial Period and Trimble may otherwise restrict certain product functionality during the Trial Period. Customer will not attempt to circumvent any such mechanism or restriction. Trimble has no obligation to retain Customer Data used with a Trial Subscription during or after the Trial Period. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, TO THE EXTENT PERMITTED BY APPLICABLE LAW, DURING THE TRIAL PERIOD THE SERVICE IS PROVIDED “AS IS” AND TRIMBLE WILL HAVE NO WARRANTY OR OTHER OBLIGATIONS WITH RESPECT TO TRIAL SUBSCRIPTIONS UNLESS OTHERWISE SPECIFIED IN THE APPLICABLE ORDER FORM.

3. Customer DATA

3.1. Definition. “**Customer Data**” means any Content, business information or other data of any type that is input by or on behalf of Customer into the Service, including without limitation information manually input by Permitted Users or imported via a third party product or service.

3.2. Rights in Customer Data. As between the parties, Customer will retain all right, title and interest (including any and all intellectual property rights) in and to the Customer Data as provided to Trimble. Subject to the terms of this Agreement, Customer hereby grants to Trimble a non-exclusive, worldwide, royalty-free right to use, copy, store, transmit, modify, create derivative works of and publicly perform and display the Customer Data solely to the extent necessary to provide the Service to Customer (including making Content available to Customer’s Third Party

Collaborators).

3.3. Storage of Customer Data. Trimble does not provide an archiving service. Trimble agrees only that it will not intentionally delete any Customer Data from the Service prior to termination of Customer's applicable Subscription Term. Trimble expressly disclaims all other obligations with respect to storage.

3.4. Customer Obligations.

a) In General. Customer will ensure that Customer's use of the Service and all Customer Data is at all times compliant with Customer's privacy policies and all applicable local, state, federal and international laws, regulations and conventions, including, without limitation, those related to data privacy and data transfer, international communications, and the exportation of technical or personal data. Customer is solely responsible for the accuracy, content and legality of all Customer Data. Customer represents and warrants to Trimble that Customer has sufficient rights in the Customer Data to grant the rights granted to Trimble in Section 2 above and that the Customer Data does not infringe or violate the intellectual property, publicity, privacy or other rights of any third party. b) Health Information. Customer specifically agrees not to submit to the Service any patient, medical or other protected health information regulated by HIPAA or any similar federal or state laws, rules or regulations ("**Health Information**") and acknowledges that Trimble is not a Business Associate or subcontractor (as those terms are defined in HIPAA) and that the Service is not HIPAA compliant. "**HIPAA**" means the Health Insurance Portability and Accountability Act, as amended and supplemented. Trimble will have no liability under this Agreement for Health Information, notwithstanding anything to the contrary herein. c) Misuse. Customer agrees that Customer will not misuse the Service, including without limitation in the submission of Customer Data. Misuse includes, but is not limited to:

- Using the Service to disseminate or convey inappropriate, defamatory, obscene, salacious, or unlawful information, images or materials; or to defame, harass, stalk, threaten or otherwise violate the legal rights of others.
- Using the Service in such a manner so as to interfere unreasonably with its use by others; or attempting or assisting another to access, alter, or interfere with the communications and/or information of another user.
- Subscription fraud or unauthorized access.
- Uploading, or otherwise making available, files that contain text, images, photographs, software or other materials owned by others that are protected by intellectual property laws (e.g., copyright, trademark, rights of privacy or publicity) and for which Customer has not received all necessary and legal consents for their use.
- Using any information, images or other materials available through the Service in any manner that infringes any copyright, trademark, patent, trade secret or other proprietary right of any party.
- Advertising, offering to sell or buy goods, or using the Service for business promotional purposes.
- Violating any code of conduct associated with the Service, or any applicable laws or regulations.
- Taking any action that imposes an unreasonable or disproportionately large load on the Service infrastructure; or uploading files that contain viruses, Trojan horses, worms, or other similar software or programs that cause damage to computers or property of others.

3.5. Indemnification by Customer. Customer will indemnify, defend and hold harmless Trimble and its affiliates from and against any and all claims, costs, damages, losses, liabilities and expenses (including reasonable attorneys' fees and costs) arising out of or in connection with any claim arising from or relating to (a) any Customer Data, (b) any breach or alleged breach by Customer of Section 2.6 (Third Party Terms) or Section 4 (Customer Obligations), or (c) any service or product offered by Customer in connection with or related to the Service. This indemnification obligation is subject to Customer receiving (i) prompt written notice of such claim (but in any event notice in sufficient time for Customer to respond without prejudice); (ii) the exclusive right to control and direct the investigation, defense, or settlement of such claim; and (iii) all necessary cooperation of Trimble at Customer's expense. Customer will not settle any claim without Trimble's prior written consent, unless the settlement fully and unconditionally releases Trimble and does not require Trimble to pay any amount, take any action, or admit any liability.

3.6. Content Format. Customer acknowledges and agrees that the Service will only process Content submitted in formats that are currently interoperable with the Service, as further set forth in the Documentation.

4. COLLABORATION

4.1. Project Invitations. The Permitted User who creates a Project may invite other Permitted Users and Third Party

Collaborators to access and contribute Content to, and retrieve Content from, the Project. Such Permitted User will have sole discretion as to the access rights for each other Permitted User or Third Party Collaborator with respect to the Project. If Customer is a Personal User, then the number of other Permitted Users and Third Party Collaborators whom Customer may invite to collaborate on a Project is limited as set forth in the applicable Order Form.

4.2. Third Party Collaborators. If a Third Party Collaborator is not a customer of the Service that has agreed to this Agreement and created its own account, then such Third Party Collaborator will not be able to access any Project. For the avoidance of doubt, Trimble is not responsible for any actions taken by Third Party Collaborators.

4.3. Participation in Other Projects. Customer and its Permitted Users may collaborate on projects managed by other Trimble customers using the Service ("**Other Customers**"). Use of the Service by Customer in connection with such collaboration remains governed by this Agreement between Trimble and Customer. Without limiting the generality of the foregoing, Customer is responsible for any Content that Customer or its Permitted Users submit to any Other Customer's project.

4.4. No Expectation of Privacy. Customer acknowledges that any Content submitted to a Project may be accessed by Third Party Collaborators and their permitted users and Customer has no expectation of privacy with respect to any such Content. Further, if Customer submits Content to a project managed by an Other Customer, Customer (a) grants such Other Customer the right to use and share such Content within its project and (b) acknowledges and agrees that such Content may be accessed and retrieved by the Other Customer's permitted users and other collaborators, and Customer will have no expectation of privacy with respect to such Content.

5. OWNERSHIP

5.1. Trimble Technology. This is a subscription agreement for access to and use of the Service. Customer acknowledges that it is obtaining only a limited right to the Service and that irrespective of any use of the words "purchase", "sale" or like terms in this Agreement no ownership rights are being conveyed to Customer under this Agreement. Customer agrees that Trimble or its suppliers retain all right, title and interest (including all patent, copyright, trademark, trade secret and other intellectual property rights) in and to all of the Service, Documentation, Professional Services deliverables and any and all related and underlying technology and documentation, and any derivative works, modifications or improvements of any of the foregoing, including as may incorporate Feedback (collectively, "**Trimble Technology**"). Except as expressly set forth in this Agreement, no rights in any Trimble Technology are granted to Customer. Further, Customer acknowledges that the Service is offered as an on-line, hosted solution, and that Customer has no right to obtain a copy of the Service, except for the Client Software.

5.2. Feedback. Customer, from time to time, may submit comments, questions, suggestions or other feedback relating to any Trimble product or service to Trimble ("**Feedback**"). Trimble may freely use or exploit Feedback in connection with any of its products or services.

5.3. Aggregated Anonymous Data. Notwithstanding anything to the contrary herein, Customer agrees that Trimble and its affiliates may use, process, manipulate, modify, copy, publicly perform and display, compile, and create derivative works from Customer Data and any other data related to the Service, including, but not limited to, using such data for any internal business purpose, and for the improvement, support, and operation of the Service, and/or the development of other products or service capabilities. Customer hereby acknowledges and agrees that Trimble and its affiliates may disclose to third parties aggregate data derived from Customer Data or from any other data related to the Service, so long as such aggregate data is not personally identifiable with respect to Customer. Further, all service data, usage data, and other data that does not identify Customer and any data that is derived from the Customer Data and all data, reports, derivative works, compilations, modifications and other materials created by Trimble from or with use of such data will be, in each case, the sole and exclusive property of Trimble; and Customer, on Customer's behalf and on behalf of Customer, hereby assigns all of Customer's, title and interest, if any, in and to such items to Trimble without any fees and without rights to future royalties.

6. Subscription Term, FEES & PAYMENT

6.1. Renewals. Unless otherwise specified on the applicable Order Form, each Subscription Term shall automatically renew for additional periods equivalent in length to the initial Subscription Term (each, a "**Renewal Term**") at the then-current price unless (i) either party gives the other written notice of termination at least thirty (30) days prior to expiration of the then-current Subscription Term, or (ii) Customer opts out of auto-renewals in a timely manner via (A) Trimble's eCommerce solution prior to expiration of the then-current Subscription Term, or (B) such other process, if any, prescribed by Trimble applicable to the Service; provided that in the event the initial Subscription Term was prorated to be less than 12 months, any Renewal Terms shall be 12 months.

6.2. Fees and Payment. All fees are as set forth in the applicable Order Form and will be paid by Customer within

thirty (30) days of invoice, unless otherwise specified in the applicable Order Form. Except as expressly set forth in Section 8 (Limited Warranty), all fees are non-refundable. The rates in the Order Form are valid for the initial Subscription Term. Customer is required to pay all sales, use, GST, value-added, withholding, or similar taxes or levies, whether domestic or foreign, other than taxes based on the income of Trimble. Any late payments will be subject to a service charge equal to 1.5% per month of the amount due or the maximum amount allowed by law, whichever is less.

6.3. Suspension of Service. If Customer's account is thirty (30) days or more overdue, in addition to any of its other rights or remedies (including but not limited to any termination rights set forth herein), Trimble reserves the right to suspend Customer's access to the Service (and any related services) without liability to Customer until such amounts are paid in full.

7. TERM AND TERMINATION

7.1. Term. This Agreement is effective as of the Effective Date and expires on the date of expiration or termination of all Subscription Terms.

7.2. Termination for Cause. Either party may terminate this Agreement (including all related Order Forms) if the other party (a) fails to cure any material breach of this Agreement (including a failure to pay fees) within thirty (30) days after written notice; (b) ceases operation without a successor; or (c) seeks protection under any bankruptcy, receivership, trust deed, creditors' arrangement, composition, or comparable proceeding, or if any such proceeding is instituted against that party (and not dismissed within sixty (60) days thereafter).

7.3. Effect of Termination. Upon any expiration or termination of this Agreement, Customer will immediately cease any and all use of and access to the Service (including any and all related Trimble Technology) and delete (or, at Trimble's request, return) any and all copies of the Documentation, any Trimble passwords or access codes and any other Trimble Confidential Information in its possession. Except where an exclusive remedy is specified, the exercise of either party of any remedy under this Agreement, including termination, will be without prejudice to any other remedies it may have under this Agreement, by law or otherwise.

7.4 Post-Termination Data Access. Provided this Agreement was not terminated for Customer's breach, Trimble may continue to provide Customer with read-only access to Customer Data submitted to the Service prior to termination or expiration. Trimble shall determine whether to allow this read-only access, and the duration during which it allows such access, in its sole discretion. Further, after termination or expiration of this Agreement, Trimble may suspend or terminate Customer's access to Customer Data and/or delete any Customer Data on the Service at any time and for any or no reason, with or without notice to Customer.

7.5. Survival. The following Sections of this Agreement will survive any expiration or termination of this Agreement: 2.5 (General Restrictions), 3 (Storage of Customer Data), 3.5 (Indemnification by Customer), 5 (Ownership), 6.2 (Fees and Payment), 7 (Term and Termination), 8.2 (Warranty Disclaimer), 8.3 (Warnings; Additional Disclaimers), 9 (Limitation of Remedies and Damages), 10 (Confidential Information), 12 (Purchase from Reseller) and 13 (General Terms).

8. LIMITED WARRANTY

8.1. Limited Warranty. Trimble warrants, for Customer's benefit only, that the Service, when used by Customer during the Term, will operate in substantial conformity with its applicable Documentation. Trimble does not warrant that Customer's use of the Service will be uninterrupted or error-free, nor does Trimble warrant that it will review the Customer Data for accuracy or that it will preserve or maintain the Customer Data without loss. Trimble's sole liability (and Customer's sole and exclusive remedy) for any breach of this warranty will be, at no charge to Customer, for Trimble to use commercially reasonable efforts to correct the reported non-conformity, or if Trimble determines such remedy to be impracticable, either party may terminate the applicable Subscription Term and Customer will receive as its sole remedy a refund of any fees Customer has pre-paid for use of such Service for the terminated portion of the applicable Subscription Term. The limited warranty set forth in this Section 1 will not apply: (i) unless Customer makes a claim within thirty (30) days of the date on which Customer first noticed the non-conformity, (ii) if the error was caused by misuse or unauthorized modifications of the Service, (iii) if the error was caused by Customer or third-party hardware, software or services, or (iv) to use and access provided during a Trial Period.

8.2. Warranty Disclaimer. EXCEPT FOR THE LIMITED WARRANTY IN SECTION 8.1, THE SERVICE IS PROVIDED "AS IS". NEITHER TRIMBLE NOR ITS SUPPLIERS MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED,

STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT. Trimble does not warrant that

Customer's use of the Service will be uninterrupted or error-free, nor does Trimble warrant that it will review the Customer Data for accuracy or that it will preserve or maintain the Customer Data without loss. Trimble WILL NOT BE LIABLE FOR DELAYS, INTERRUPTIONS, SERVICE FAILURES OR OTHER PROBLEMS INHERENT IN USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS OR OTHER SYSTEMS OUTSIDE THE REASONABLE CONTROL OF Trimble. CUSTOMER MAY HAVE OTHER STATUTORY RIGHTS, BUT THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, WILL BE LIMITED TO THE SHORTEST PERIOD PERMITTED BY LAW.

8.3. Warnings; Additional Disclaimers. TRIMBLE SHALL NOT BE LIABLE IN ANY MANNER WHATSOEVER FOR THE OUTPUT OBTAINED THROUGH THE USE OF THE SERVICE OR CUSTOMER'S RELIANCE ON SUCH OUTPUT. CUSTOMER IS RESPONSIBLE FOR THE SUPERVISION, MANAGEMENT, AND CONTROL OF CUSTOMER'S USE OF THE SERVICE. THIS RESPONSIBILITY INCLUDES, BUT IS NOT LIMITED TO, THE DETERMINATION OF APPROPRIATE USES FOR THE SERVICE AND THE SELECTION OF THE SERVICE AND OTHER PROGRAMS TO ACHIEVE INTENDED RESULTS. CUSTOMER IS ALSO RESPONSIBLE FOR ESTABLISHING THE ADEQUACY OF INDEPENDENT PROCEDURES FOR TESTING THE RELIABILITY AND ACCURACY OF ANY OUTPUT OF THE SERVICE. TRIMBLE MAKES NO WARRANTY THAT THE SERVICE WILL MAINTAIN INTEROPERABILITY WITH ANY PARTICULAR CONTENT FORMAT.

9. Limitation of Remedies and Damages

9.1. Consequential Damages Waiver. EXCEPT FOR EXCLUDED CLAIMS (DEFINED BELOW), NEITHER PARTY Nor its suppliers WILL BE LIABLE FOR ANY LOSS OF USE, LOST or INACCURATE DATA, FAILURE OF SECURITY MECHANISMS, INTERRUPTION OF BUSINESS, COSTS OF DELAY OR ANY INDIRECT, SPECIAL, INCIDENTAL, RELIANCE OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING LOST PROFITS), REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE.

9.2. Liability Cap. EXCEPT FOR EXCLUDED CLAIMS, NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, TRIMBLE'S AND ITS SUPPLIERS' ENTIRE LIABILITY TO CUSTOMER, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, WILL NOT EXCEED THE AMOUNT ACTUALLY PAID BY CUSTOMER TO TRIMBLE DURING THE PRIOR TWELVE (12) MONTHS UNDER THIS AGREEMENT.

9.3. Excluded Claims. "Excluded Claims" means any claim arising (a) from Customer's breach of Section 5 (General Restrictions), Section 2.6 (Third Party Terms), or Section 10 (Confidential Information); or (b) under Section 3 (Customer Data).

9.4. Failure of Essential Purpose. The parties agree that the limitations specified in this Section 9 will survive and apply even if any limited remedy specified in this Agreement is found to have failed of its essential purpose.

10. CONFIDENTIAL INFORMATION. Each party (as "Receiving Party") agrees that all code, inventions, know-how, business, technical and financial information it obtains from the disclosing party ("Disclosing Party") constitute the confidential property of the Disclosing Party ("Confidential Information"), provided that it is identified as confidential at the time of disclosure or should be reasonably known by the Receiving Party to be confidential or proprietary due to the nature of the information disclosed and the circumstances surrounding the disclosure. The Trimble Technology, performance information relating to the Service, and the terms and conditions of this Agreement will be deemed Confidential Information of Trimble without any marking or further designation. Except as expressly authorized herein, the Receiving Party will (1) hold in confidence and not disclose any Confidential Information to third parties and (2) not use Confidential Information for any purpose other than fulfilling its obligations and exercising its rights under this Agreement. The Receiving Party may disclose Confidential Information to its employees, agents, contractors and other representatives having a legitimate need to know (including, for Trimble, the subcontractors referenced in Section 13.8), provided that such representatives are bound to confidentiality obligations no less protective of the Disclosing Party than this Section 10 and that the Receiving Party remains responsible for compliance by any such representative with the terms of this Section 10. The Receiving Party's confidentiality obligations will not apply to information that the Receiving Party can document: was rightfully in its possession or known to it prior to receipt of the Confidential Information; (ii) is or has become public knowledge through no fault of the Receiving Party; (iii) is rightfully obtained by the Receiving Party from a third party without breach of any confidentiality obligation; or (iv) is independently developed by employees of the Receiving Party who had no access to such information. The Receiving Party may make disclosures to the extent required by law or court order, provided the Receiving Party notifies the Disclosing Party in advance and cooperates in any effort to obtain confidential treatment. The Receiving Party acknowledges that disclosure of Confidential Information would cause substantial harm for which damages alone would not be a sufficient remedy, and therefore that upon any such disclosure by the Receiving Party the

Disclosing Party will be entitled to seek appropriate equitable relief in addition to whatever other remedies it might have at law. For the avoidance of doubt, unauthorized access by third parties to any Confidential Information will not be deemed a breach of this Section 10.

11. CO-MARKETING. Customer agrees that Trimble may disclose Customer as a customer of Trimble. Customer and Trimble may participate in joint marketing activities (including, without limitation, issuance of a joint press release) as mutually agreed by the parties.

12. PURCHASE FROM RESELLER. Notwithstanding anything to the contrary in this Agreement, if Customer purchased the Service through a Reseller, the following terms are applicable and shall prevail in event of any conflict with any other provisions of this Agreement.

- a) The terms of this Agreement constitute the only terms applicable to the provision of the Service to Customer and no terms between Customer and Reseller shall apply to Customer's access to or use of the Service.
- b) Reseller has no authority to make any statements, representations, warranties or commitments on Trimble's behalf and any such statements, representations, warranties or commitments are null and void.
- c) Customer may place orders for the Service by executing an Order Form with Reseller and paying Reseller fees as specified therein.
- d) In the event Customer is entitled to a refund under this Agreement, Customer must request such refund through Reseller. Any request sent directly to Trimble may be redirected to Reseller. Trimble will refund any applicable fees to Reseller and Reseller shall be solely responsible for refunding such fees to Customer. Trimble shall have no further liability to Customer in the event Reseller fails to refund such fees to Customer.
- e) If Reseller fails to pay Trimble applicable fees for Customer's use of the Service, Trimble reserves the right to terminate this Agreement including all rights granted hereunder.
- f) Unless otherwise set forth in the Order Form, Customer may purchase renewal subscriptions under this Agreement directly from Trimble pursuant to an Order Form.
- g) Unless otherwise set forth in the Order Form, Customer shall receive end user support, if applicable, directly from Trimble during the applicable Subscription Term in accordance with the terms of this Agreement.
- h) If Reseller is providing Customer with consulting or other professional services related to the Service, such services shall be provided under the terms of a separate agreement between Reseller and Customer.
- i) This Agreement shall survive any termination of Customer's agreement with Reseller so long as Trimble has received payment for Customer's current Subscription Term.
- j) If you purchased the Service from a Reseller in the United States, then the Trimble entity for purposes of this Agreement is Trimble Inc. Otherwise, the Trimble entity for purposes of this Agreement is Trimble Europe B.V.

13. GENERAL TERMS
